Reviews

It becomes an awesome publication that I actually have actually read. It really is written in simple terms and not difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

This is practical free trade - free trade in the English sense. The legend upon the banner may not be Free Trade - it may be the more obscure motto, Tariff Reform; but neither the banner nor the inscription is conclusive, or, indeed, very important. The assault itself is the important fact. Those who teach that the import duty upon foreign goods sold in our market is paid by the consumer, and that the...
