Reviews

This is actually the very best book i actually have read till now. This is for all those who statte that there was not a worth studying. Its been written in an remarkably straightforward way which is merely following i finished reading this publication by which in fact altered me, modify the way i believe.

(Mr. Jeramy Leuschke IV)

Aurum. 1 Paperback(s), 2014. soft. Book Condition: New. From forgotten enclaves to floating islands, from hidden villages to New York City gutter spaces, this book charts some of the most remarkable yet least known locations on the planet. And while these are not necessarily places you would choose to visit on holidayHoby, the pirate capital of Somalia, or Zheleznogorsk, a secret military town in Russiathey each carry a story about the strangeness of place, a concept that continues to enthrall us in a world that is not quite as exhaustively mapped as Google Earth might make it seem. Alastair Bonnett, a professor of social geography, also explains how topophiliathe love of placeis a fundamental part of what it is to be human. 310.
