Turning Stone Press, United States, 2014. Paperback. Book Condition: New. 213 x 140 mm. Language: English . Brand New Book. In 2008, Bill Crain, a professor of psychology at The City College of New York, and his wife Ellen, a recently retired pediatrician, opened Safe Haven Farm Sanctuary in Poughquag, New York. The sanctuary provides a permanent home to over 70 animals rescued from slaughter and abusive situations, including goats, sheep, chickens, turkeys, ducks, partridges, and a mini-horse. It also has afforded Bill a tremendous opportunity to observe animals in all manner of emotional states and how their behavior casts light on the emotions of human children. In *The Emotional Lives of Animals Children*, Crain honors the work of John Bowlby a psychoanalyst who began his major writings in the 1950s. Bowlby drew on biologists observations of animals to provide a compelling account of children s attachment to their caretakers. Moreover, there has been little effort to extend Bowlby s work - to see how the study of animals illuminates other aspects of child development. Crain suggests that the reluctance to follow Bowlby s lead reflects the Western worldview that considers humans as different from and superior to other species. To think about children in the same category as animals seems to demean children. Part one discusses six emotional behaviors that are shared by animals and children: fear, play, freedom, care, spirituality, and resilience. Part two addresses the broader social theme of our Western culture s disparagement...
