Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from *The Rural Efficiency Guide, Vol. 2: Engineering Book* Indiana farmer recently remarked that his son, just home from school, was doing the same work with a tractor that formerly required three men and eleven horses to do. And this was done at less expense. What does this mean? He was able to release three men and eleven horses to be used for further production elsewhere and also to increase his own production with the same effort. This is a distinct addition to the wealth of society; that is, there will be more food, more shelter and more enjoyment for Everyone. The rapid growth in the use of machinery, concrete and the more durable materials has improved the method of living until the poorest citizen lives in a palace compared with conditions of only a century ago. All this wonderful change in the things about us requires educational advancement to prepare those who are past the school age and to assist those who are in school to take advantage of them. The writer has in these pages that follow endeavored to give the reader the latest and most practical ideas and how they may be applied. Works of this kind now on the market have been excellent in their day, but new ideas and methods require new treatment. This work is written for the owner or operator of the farm who has always progressed as opportunity offered. Progress is the leading thought. In every subject are new and advanced ideas, with special treatment, designed for the immediate use of the most modern farm. The author has covered a broad list of subjects, each of them of...
