GOLF (HARDBACK)

Wonderland Publications, United Kingdom, 2014. Hardback. Book Condition: New. 338 x 292 mm. Language: English . Brand New Book. The world s only illuminated book on golf; sure to appeal to non-golfers and art lovers as much as those who are passionate about the game A never to be repeated First Edition Hand finished, leather and gold bound and gilded When Simon Paul asked me to review their book Golf they told me it s their interpretation of golf and its history. My thoughts before seeing their book what could anyone do differently to the other 100s of golf history books that have been written since Everard s Golf A Royal Ancient Game 120 years or so ago? Boy was I mistaken with my first thoughts! When I consider that this was their first golf book it is an amazing piece, not only of good literature but of the shear elegance and quality of the product. By the use of modern technology, wonderful contemporary artwork coupled with wizardry of modernizing old images; the both of them have created a masterpiece Golf: The Bible of Golf The book and its price will not be to everyone s liking; but this book will outlive any pair Jimmy Choo shoes or the latest Burberry Handbag and will go on to make a sound investment. Nearly 600 pages of golf that has taken 5 years to put together, I can understand the hard work these authors have put into their endeavors. The book has won several book accolades and it is thoroughly deserved. Graham Rowley, Old Sports Auctioneers. GOLF: The Bible of Golf is a rare and beautiful illuminated fine art book that tells the story of golf through both inspired visualization and thought provoking (and often humorous) editorial. It takes us on a...
