

Recent Developments in Mass Spectrometry in Biochemistry and Medicine: Volume 1

By -

Springer. Paperback. Book Condition: New. Paperback. 676 pages. Dimensions: 9.6in. x 6.7in. x 1.5in. The papers collected in this volume were presented at the 4th International Symposium on Mass Spectrometry in Biochemistry and Medicine held at Riva del Garda, Italy in June 1977. This meeting was organised by the Italian Group for Mass Spectrometry in Biochemistry and Medicine. The group was founded in Milan, Italy, in 1975 by researchers working in different fields (chemistry, pharmacology, medicine, biology). The aim of the symposium was to bring together people working in different branches of mass spectrometry for mutual discussion, exchange of ideas and experience. I wish to thank Mrs. Judy Baggot, Mrs. Donata Castoldi and Miss Vanna Pistotti for their invaluable technical assistance and countless efforts in the preparation of this volume. Alberto Frigerio Milan, January, 1978 v CONTENTS

Reviews

The ideal pdf i at any time read. I am quite late in start reading this one, but better then never. You will like the way the author create this book.

-- **Eliane Bednar**

Complete manual! Its such a great study. It really is writter in straightforward phrases rather than hard to understand. You are going to like the way the article writer create this publication.
