Reviews

Very useful to all category of men and women. I actually have study and i also am certain that i am going to going to read through again once more down the road. Its been written in an exceptionally simple way and is particularly only soon after i finished reading this publication by which basically altered me, modify the way in my opinion.

(Dr. Sarai Fisher DDS)

ReadHowYouWant. Paperback. Book Condition: New. Paperback. 256 pages. Dimensions: 10.0in. x 7.8in. x 0.6in. Shows how both activists and the casually progressive can leverage the power of social networks for social change. Helps readers maintain credibility, establish new connections, deal with common fears, and have a good time. Authoritative but aggressively non-technical - like talking to a real person with a great sense of humor who really knows her stuff. Social networks can be so much more than a way to find your high school friends or learn what your favorite celebrity had for breakfast. They can be powerful tools for changing the world. With Share This! both regular folks of a progressive bent and committed activists can learn how to go beyond swapping movie reviews and vacation photos (not that there's anything wrong with that). At the moment the same kinds of people who dominate the dialog off-line are dominating it online, and things will never change if that doesn't change. Progressives need to get on social networks and share their stories, join conversations, connect with others - and not just others exactly like themselves. It's vital to reach out across all those ethnic/gender/preference/class/race lines that exist even within the progressive camp. As Deanna Zandt puts it, creating a just society is sort of like the evolution of the species - if you have a bunch of the same DNA mixing together the species mutates poorly and eventually dies off. But there are definitely dos and don'ts. Zandt delves into exactly what people are and are not looking for in online exchanges. How to be a good guest. What to share. Why authenticity is more important than just about anything, including traditional notions of expertise or authority. She addresses some common fears, like worrying about giving too much about yourself...
