CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 122 pages. Dimensions: 9.0in. x 6.0in. x 0.3in. Everyone has seen Orbs in photos, but they are sometimes mistaken for specks of dust, or reflections on the film or photos, film development errors; instead of being identified what they really are—Angels and spirits visible upon closer examination as having images of faces, animals or strange out of this universe symbols and writings on them. Look at this book cover; it contains three Orb images taken by my own digital camera in my home of three distinct Orbs with clearly interesting symbols on each and each is of a different shape. Not only that, but what first appeared on the photographs as just dots, upon closer look and enlargement revealed these interesting awesome shapes and writings and images. Also these Orbs appeared quite 3 dimensional and not just as flat images. This book contains many photos of Orbs sent in to me from readers all over the world, as well as my own taken with a basic digital camera. You can take your own Orb photos, and discover the Angels and spirits in your home, office or anyplace that you may try to take such photos. The Orbs will come in all shapes and sizes, and upon close examination you will discover how unique they all are: circles, hexagons, squares and everything in between with interiors showing mysterious designs and writings or faces of people who may have passed or were in your life previously or trying to make contact with you. I have seen faces of relatives and even my beloved pet who died and is now showing himself from time to time as a spirit Orb in my home. Do not fear taking the photos,...
