Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Odyssey of Homer: Rendered Into English Verse, Books I. To XII I Have adopted blank verse for the principal portion of this attempt to render into English the Odyssey of Homer, although there are two objections to that metre. First, the great difficulty of the metre itself. Second, that even in hands far more able than mine, blank lambics can hardly give the picturesque variety, and broken light and shadow of the Homeric Hexameter of the Odyssey; of which I have endeavoured, how vainly I fear, - to catch some reflection. But in spite of these objections, faithfulness to the original is the first requisite of a translator, and I am convinced that it is not possible to give a faithful rendering of so long a poem in verse, with the additional burden of rhyme. For the sake of variety I have introduced the two shorter lays of Demodocus, and the Sirens song, in rhyming stanzas; these must be considered rather as paraphrases than accurate renderings of the originals. I hope I may lay claim to accuracy and faithfulness for the rest of my work. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
