

The Fourfold Composition of Elements and Pseudo-Elements in Axial Perspective (Paperback)

By John O Loughlin

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Even by John O Loughlin s structurally exacting standards this is an exceptionally demanding work, the logical comprehensiveness of which matches if not surpasses the best of what he has done in the past, with the benefit of a number of theoretical modifications brought to bear on the overall Element-derived frameworks which, as suggested by the title, encompass both subatomic elements as hegemonic factors and pseudo-subatomic pseudo-elements as subordinate factors in any given pairing, or complementarity, that may be presumed to exist in axial polarity with either a noumenal or a phenomenal, an ethereal or a corporeal, counterpart within both church-hegemonic and state-hegemonic parameters, as defined by the author. But the conclusions arrived at in this work are only the end-product, as it were, of much formative and speculative material which led to them, and it was during the earlier phases of its construction that, not altogether surprisingly, the writing was most discursive and, frankly, open to a variety of literary avenues, including material of an autobiographical and poetical nature that helped to give the text a certain...
